2 Bar Triple Nickel 0555

This was CRV's pick of the 2011 PDF sale in Hereford, Texas. He has the phenotype and EPD profile to become an icon in the Angus breed.

Triple Nickel

This bull is one you can't help but like. He is long bodied with a big square hip and excellent feet and legs making him an easy choice. His natural thickness and power will earn him much respect. Then analyze him on paper on paper and WOW.

Take a look at his performance. Triple Nickel came to prominence at weaning when he mashed the scales and earned his massive weaning ratio and he never looked back. His yearling performance put him at the top of the class at 2 Bar Angus.

Adj. weaning wt. - 935 lbs. WWR 132

Adj. yearling wt. - 1417 lbs. YWR 124

His carcass scan data coupled with his performance put him amongst an elite group. He is \$84.97 \$Beef. You won't see that every day.

Triple Nickel's donor dam, 2 Bar Predestined 7850 was a past sale feature in the 2009 PDF sale. She now serves Roger Boyer and Pullen Angus, both of Texas.
